## Curriculum Vitae

# ALEX GAVRYUSHKIN

 $13^{\rm th}$  December 2017

### Contacts

Address: Computational Biology Group

Department of Biosystems Science and Engineering

ETH Zurich

Office 3.10, WRO 1078

Mattenstrasse 26

4058 Basel, Switzerland

Homepage: http://alex.gavruskin.com

Email: alex@gavruskin.com

### Education

| 2009 | Ph. D. in Mathematics | from Sobolev Institute of Mathematics, Novosibirsk           |
|------|-----------------------|--|
| 2006 | M.S. in Mathematics   | from Novosibirsk State University (with First Class Honours) |
| 2004 | B. S. in Mathematics  | from Novosibirsk State University (with First Class Honours) |

### **Professional Activity**

| February  | 2018-present  |      | Senior Lecturer    | University of Otago (NZ)                      |
|-----------|---------------|------|--------------------|---|
|           |               |      |                    | Department of Computer Science                |
| August    | 2016–January  | 2018 | Research Fellow    | ETH Zurich (CH)                               |
|           |               |      |                    | Department Biosystems Science and Engineering |
| August    | 2016–January  | 2018 | Member             | SIB Swiss Institute of Bioinformatics (CH)    |
|           |               |      |                    | Computational Biology Group                   |
| February  | 2012–July     | 2016 | Research Fellow    | The University of Auckland (NZ)               |
|           |               |      |                    | Department of Computer Science                |
| February  | 2015–February | 2016 | Affiliate          | Fred Hutchinson Cancer Research Centre (US)   |
|           |               |      |                    | Computational Biology Program                 |
| January   | 2016–June     | 2016 | Short-term visitor | Simons Institute for the Theory of Computing  |
| •         |               |      |                    | UC Berkeley (US)                              |
| August    | 2013–July     | 2014 | Lecturer           | Auckland University of Technology (NZ)        |
|           |               |      |                    | School of Computer and Mathematical Sciences  |
| November  | 2012–June     | 2013 | Research Visitor   | National University of Singapore              |
|           |               |      |                    | School of Computing                           |
| September | 2009–December | 2014 | Senior Lecturer    | Irkutsk State University (RF)                 |
|           |               |      |                    | Institute of Mathematics, Economics, and      |
|           |               |      |                    | Computer Science                              |

#### Awards

- 2017 Rutherford Discovery Fellowship (five years, Royal Society of New Zealand)
- 2011 Dr of Science Scholarship (three years, Government of Russia)
- 2009 Siberian Fund for Algebra and Logic Award (2005–2009)
- 2008 Award for excellence in teaching (at ACM-ICPC North-Eastern European Regional Contest)
- 2007 Siberian Mathematical Journal Award (from Sobolev Institute of Mathematics)
- 2006 Best Student Scientific Work Award (from Novosibirsk State University)
- 2005 Maltsev Award (from Novosibirsk State University)
- 2000 Gold Medal (from the Government of Russia, Novokuznetsk High School #32)

### **Invited Talks**

| July      | 2017 | SIAM Applied Algebraic Geometry  | Symposium talk         |
|-----------|------|--|------------------------|
|           |      | Polyhedral and Combinatorial Biology Symposistat Georgia Tech in Atlanta         | ium                    |
| May       | 2017 | Interactions between algebra and the sciences at Max Planck Institute in Leipzig | Workshop talk          |
| June      | 2016 | Evolution Meeting in Austin, Texas   | Spotlight session talk |
| November  | 2015 | Computational Biology Group Seminar at ETH—Zurich                                | Seminar talk           |
| February  | 2015 | Matsen Group Seminar<br>at Fred Hutchinson Cancer Research Centre                | Seminar talk           |
| February  | 2015 | Workshop on Networks of Life<br>at the University of Canterbury                  | Workshop talk          |
| June      | 2014 | Algebra and Mathematical Logic: Theory and Applications in Kazan                 | Special session talk   |
| November  | 2013 | Randomness Workshop at the University of Auckland                                | Workshop talk          |
| November  | 2012 | National University of Singapore   | Seminar talk           |
| March     | 2012 | Auckland University of Technology  | Seminar talk           |
| October   | 2011 | Maltsev Meeting in Novosibirsk   | Plenary talk           |
| October   | 2011 | Logic Seminar at Cornell University  | Seminar talk           |
| September | 2011 | Southern Wisconsin Logic Colloquium  | Seminar talk           |
|           |      | University of Wisconsin—Madison  |                        |
| November  | 2009 | Computational Logic Seminar<br>at CUNY Graduate Centre                           | Seminar talk           |
| October   | 2009 | Logic Seminar at Cornell University  | Seminar talk           |
| October   | 2009 | Logic Seminar  | Seminar talk           |
|           |      | at the University of Notre Dame  | 701                    |
| November  | 2007 | Maltsev Meeting in Novosibirsk   | Plenary talk           |
| September | 2006 | Algebra and Logic Seminar<br>at Novosibirsk State University                     | Seminar talk           |

| June   | 2005  | Joint Seminar on Constructive Models   | Seminar talk             |  |  |  |
|--|-------|--|--------------------------|--|--|--|
| June   | 2000  | Notre Dame and Novosibirsk Universities  | Schiller tenk            |  |  |  |
| November   | 2004  | Algebra and Logic Seminar  | Seminar talk             |  |  |  |
|  |       | at Novosibirsk State University  |                          |  |  |  |
|  |       | Contributed Talks  |                          |  |  |  |
| February   | 2016  | Computational Cancer Biology   | Participant              |  |  |  |
| 0 . 1  | 2015  | at University of California, Berkeley  | T                        |  |  |  |
| October  | 2015  | Alan Wilson Centre Annual Meeting  | Long talk                |  |  |  |
| Fohmiomi   | 2015  | at Massey University  The Interface of Mathematics and Piclose  The Interface of Mathematics and Piclose | Long talls               |  |  |  |
| February   | 2015  | The Interface of Mathematics and Biology NZ Phylogenomics Meeting in Dunedin                             | Long talk                |  |  |  |
| February   | 2014  | Workshop on Networks of Life   | Participant              |  |  |  |
| rebruary   | 2014  | at the University of Canterbury  | 1 articipant             |  |  |  |
| June   | 2013  | Mathematical and Computational   | Participant              |  |  |  |
|  |       | Evolutionary Biology in Montpellier  | 1                        |  |  |  |
| July   | 2013  | Computability in Europe in Milan   | Two contributed talks    |  |  |  |
| July   | 2011  | Infinity Conference in Barcelona   | Contributed talk         |  |  |  |
| July   | 2011  | Logic Colloquium in Barcelona  | Contributed talk         |  |  |  |
| July   | 2010  | Logic Colloquium in Paris  | Contributed talk         |  |  |  |
| June   | 2010  | Computability in Europe in Azores  | Contributed talk         |  |  |  |
| May  | 2010  | Maltsev Meeting in Novosibirsk   | Contributed talk         |  |  |  |
| August   | 2009  | Logic Colloquium in Sofia  | Contributed talk         |  |  |  |
| June   | 2008  | Computability in Europe in Athens  | Contributed talk         |  |  |  |
| July   | 2007  | Logic Colloquium in Wroclaw  | Contributed talk         |  |  |  |
| July   | 2006  | Computability in Europe in Swansea   | Contributed talk         |  |  |  |
|  |       | $\mathbf{Grants}$  |                          |  |  |  |
| 2018-2023  | Princ | cipal Investigator and Coordinator of a Rutherfo   | ord Discovery Fellowship |  |  |  |
|  |       | the Royal Society of New Zealand   | r                        |  |  |  |
|  |       | ract $\#\text{RDF-17-UOO-007}$ for NZ\$ 800,000 (GST   | exclusive)               |  |  |  |
| 2012 – 2013  | Asso  | ciate Investigator of an FRDF grant from the U   | Iniversity of Auckland   |  |  |  |
|  | Cont  | ract $\#2795185$ for NZ\$200,000   |                          |  |  |  |
| 2011 - 2013  | Princ | cipal Investigator and Coordinator of a Russian  | Government Grant         |  |  |  |
|  |       | ract $\# 16.740.11.0567$ for US\$ 50,000   |                          |  |  |  |
| 2010-2012  |       | cipal Investigator and Coordinator of a Russian  | Government Grant         |  |  |  |
| Contract $\# \Pi 1227$ for US\$ 65,000                                 |       |  |                          |  |  |  |
| 2006–2010 Participant of a Russian Fund for Fundamental Research Grant |       |  |                          |  |  |  |
| 2003–2009 Participant of a Russian President Grant                     |       |  |                          |  |  |  |

## **Travel Grants**

| 2012 - 2013 | School of Computing, National University of Singapore                          |
|-------------|--|
| 2011        | University of Chicago, University of Wisconsin–Madison, and Cornell University |
| 2011        | Participation in the Logic Colloquium 2011                                     |
| 2010        | Participation in the Logic Colloquium 2010                                     |
| 2010        | Participation in the Computability in Europe 2010                              |
| 2009        | University of Notre Dame, Cornell University, and NYC University               |
| 2009        | Participation in the Logic Colloquium 2009                                     |
| 2008        | Participation in the Computability in Europe 2008                              |
| 2008        | Participation in the Summer School Marktoberdorf 2008                          |
| 2007        | Participation in the Logic Colloquium 2007                                     |
| 2006        | Participation in the Computability in Europe 2006                              |
|             |  |

## Students

| 2017–present | Lena Collienne   | Master | University of Greifswald                              |
|--------------|------------------|--------|---|
| 2015 – 2016  | Lena Collienne   | Intern | The University of Auckland (University of Greifswald) |
| 2015 - 2016  | Edwardo Reynolds | Intern | The University of Auckland                            |

# Teaching

| 2017 - 2017 | ETH Zurich                   | Systems Genomics (636-0101-00L)                  |
|-------------|------------------------------|--|
| 2012 – 2014 | The University of Auckland   | Discrete Structures in Math and CS (CompSci 225) |
| 2013 – 2014 | Auckland U of Technology     | Engineering Mathematics I and II (715001/716001) |
| 2013 – 2013 | Auckland U of Technology     | Finite Mathematics (715205)                      |
| 2012 – 2012 | Auckland U of Technology     | Theory of Computation (717300)                   |
| 2012 – 2012 | The University of Auckland   | Software Engineering Theory (SoftEng 211)        |
| 2010 – 2011 | Irkutsk State University     | Computable Model Theory                          |
| 2009 – 2010 | Irkutsk State University     | Model Theory                                     |
| 2009 – 2011 | Irkutsk State University     | Mathematical Logic                               |
| 2010 – 2011 | Irkutsk State University     | Discrete Mathematics                             |
| 2009 – 2010 | Irkutsk State University     | Theory of Computation                            |
| 2006 – 2009 | Novosibirsk State University | Theory of Algorithms                             |
| 2007 - 2009 | Novosibirsk State University | Theoretical Programming                          |
| 2007 - 2009 | Novosibirsk State University | Mathematical Logic                               |
| 2007 - 2008 | Novosibirsk State University | Number Theory                                    |

# Professional Affiliation

## Service to Department and University

| 2013 | Auckland-Novosibirsk Workshop on                          | Co-Chair of the      |
|------|---|----------------------|
|      | Algebra, Logic, Geometry, and Combinatorics               | Program Committee    |
| 2009 | Maltsev Meeting   | Organizing Committee |
| 2007 | Mathematics in the Modern World                           | Organizing Committee |
| 2007 | Domains VIII and Computability Over Continuous Data Types | Organizing Committee |
| 2005 | Asian Logic Conference                                    | Organizing Committee |

I am a regular reviewer for AMS Mathematical Reviews. I recently acted as a referee for:

- Genome Biology and Evolution
- Systematic Biology
- Journal of Mathematical Biology
- Discrete Applied Mathematics
- LICS Symposium
- Algebra and Logic
